

# Padlock

## Protect what you love.

The igloohome Padlock strikes the perfect balance between security and convenience. Built with versatility in mind, it is the most flexible padlock that allows for time-sensitive access. Jam-packed with features for convenient access control, the Padlock is great for a variety of use cases.

### UNIQUE FEATURES

## Tailor made for everyday use.

Use the Padlock for gym lockers, delivery boxes or to secure yard gates. Its versatility offers endless possibilities. The shackle is interchangeable to allow for a more customised fit on different gates, doors, garages and more. It is recommended that you use the protective silicone case and caps should your padlock be used outdoors, or if it may be subject to weather elements like heavy rainfall.

## Safeguard your assets, always.

Use it both indoors and outdoors. From bicycles and lockers to self-storage facilities and worksites, the Padlock's versatility offers you convenient access control. Anti-tampering features such as the secured battery cover deters potential tampering attempts too.

## Heavy-duty

The Padlock is a tough nut to crack. Built with heavy-duty and rust-resistant materials, the Padlock can withstand >15kN cutting force and >25kN pulling force to keep your property and assets safe.

### Compatible ecosystem products

Sold separately.

#### Bridge

**Security Lockout**

Keypad is disabled after several incorrect access attempts to ensure your property is always secure.

**Auto Lock**

The Padlock automatically locks once the shackle is closed to give you a greater peace of mind.

**Low Battery Alert**

An intuitive LED alert will prompt users to change the batteries when they run low.

**Instant Access Request**

Approve and send Bluetooth keys to the right people instantly when they request for access by scanning the unique QR code.

**Volume Control**

Adjust the volume according to your preference. Select from levels 0 (mute) to 5 (loudest).

**Relock Reminder Alert**

The reminder alerts users when they forget to close the Padlock.

**Emergency Jumpstart**

Easily jumpstart the Padlock with a 9V battery as an emergency measure if batteries are drained.

**Obstruction Alarm**

The lock will sound an alarm if the shackle cannot be inserted fully to alert the user of any obstructions.

**Decoy PIN Code**

Heighten security and throw off onlookers by entering random digits before your actual PIN code.

**Shackle Versatility**

Shackle can be in 'retained' or 'removable' configurations to cater to different needs. It is also interchangeable to fit the long shackle\* for enhanced deployability.

\*The long shackle is sold separately as an accessory.

**API & SDK Integration**

We provide APIs and SDKs for seamless integration across several platforms.

**Airbnb Integration**

Airbnb hosts can also integrate their calendars with the lock for automatic generation of PIN codes for guests, with no extra fees.

**Mobile app-enabled**

The Padlock works together with the igloohome app to allow asset and property owners to grant access remotely via PIN codes and Bluetooth keys.

The owner can choose to grant permanent, duration, one-time or recurring access for convenience and security. These can be customised for each visitor, ensuring your asset or property is always secured.

PIN code logs and battery status are updated when the lock is synced with the app in Bluetooth range. Bluetooth key unlock logs are updated in real-time remotely.

The app is available for both iOS & Android devices.

**Works offline**

Even with its remote capabilities, the Padlock works offline for enhanced reliability and security. There's no worries of WiFi hacking or network instability.

It features the innovative algoPIN™ technology which makes our security products suitable for properties with weak or no WiFi connections at all. There's no need to download an additional app to receive PIN code access.

**Specifications**

<b>Model Number</b>	IGP1
<b>UPC</b>	603784205557
<b>EAN</b>	0603784205557
<b>Dimensions</b>	
Body	55 (W) x 70 (H) x 32 (T) mm 2.17 (W) x 2.76 (H) x 1.26 (T) in
Shackle - Inner Clearance	26 (W) x 24 (H) mm
Shackle - Diameter	1 (W) x 0.94 (H) in 9mm / 0.35in
<b>Weight</b>	
Net	0.45 kg / 1 lb
